SOCIETY AND PERSONAL.

Invitations are out for a dancing party to be given next Monday even-ing by Mrs. S. G. Wilder in honor of Miss Paulsell of San Francisco.

This evening, at Mr. J. F. Brown's Waikiki residence, the farce "A Box of Monkeys" will be given. It is said to be better even than the play given last New Year's Eve by the same people. If so, it is sure to delight those fortunate enough to at-

Mrs. Beeman, the wife of Engineer Beeman, U. S. N., of Mare Island, leaves Tuesday for the Coast.

Mr. J. T. Waterhouse, Sr., leaves on the outgoing steamer, and will spend a few months in California, Iowa and other States of the Union, and may even be tempted to make his 70th voyage across the Atlantic. He will be accompanied with his son, H. Waterhouse.

Mr. and Mrs. David Rice, of Boston, and Miss Martha Brewer return home after a sojourn of several months here and at Kaneohe. Mrs. R. and her daughter are natives of Honolulu, and their visit here has no doubt possessed all the storied charms and pleasures of a trip to fatherland.

Rev. Hiram Bingham, wife and son, leave on the Australia for New York, to be absent about eighteen months. Mr. and Mrs. B. go to supervise the printing of the new Gilbert Island Bible, the translation of which has been made by him, his wife and one or two native assistants. The printing will be done by the American Bible Society of New York.

Captain of Marines Mews, of the San Francisco, is planning a walk around this island in conjunction with some brother officers.

Hon. L. A. Thurston and E. M. Walsh, Esq., both members of the Hawaiian bar, leave on the Australia, bound to Chicago to help advertise these Islands as the best resort for pleasure and health to be found in the Pacific Ocean. They are both old residents, well-informed, and qualified to give full information on all points where it is sought for. Mons. d'Anglade, French Consul and Commissioner to Hawaii, returns to France on leave of absence, and may be away eight or ten months. During his absence, the consulate will be in charge of his secretary, Mons. Vizzavona, who has been connected with it for several years. Her Majesty the Queen is in the enjoyment of her usual good health. She is staying at the Palace.

Mr. Benj. F. Dillingham, manager of the Oahu Railway and Land Company, visits California on business connected with his enterprise. On railroads and business generally at these Islands, no one is better posted, or has better opportunities to judge of our future prospects.

Letters received from Mrs. W. C. Parke report that she and her daughters are still in the south of France, all enjoying good health. They plan to return in the summer, arriving here in July.

A number of tourists return to America by the Australia, most of them having visited the volcano. They all speak in praise of the man-agement of the hotel, and of the indescribable beauty of the active vol- 20th inst., he made most favorable comcano, which is approached without danger, and viewed from a point which enables the spectator to enjoy the scene without fear, as long as he cares to look at it. H. R. H. Prince Kalanianaole will be 21 years of age to-day, March 26, and the Waialua Riding Society, bearing his name, propose giving a luau in honor of the occasion, on Monday next, at that place.

The friends of Justice McCully, of the Supreme Court, will be glad to learn that his health has improved so as to allow him to ride out occasionally, and we trust he will soon be able to resume his seat on the bench, where he has for so many years served the public.

The climate of Samoa was found by the officers of the Iroquois to be so hot and enervating, that when they got to Honolulu they found the white worn here just a little too chilly. It seems that naval etiquette requires officers to don the same uniform as that being worn on the Flagship. Captain Reed secured, for the benefit of his staff, a relaxation of the rule, and the gallant officers of the Iroquois are now wearing the blue in consequence.
